RELATIONSHIPS OF ENDING PROGRAMS AND NEW PROGRAMS FOR THE TRANSFER OF DOCTORAL STUDENTS in 2024

New DSP based on comparison tables of study goals and graduate profiles

ENDING STUDY PROGRAM

NEW STUDY PROGRAM

Field of study code (KKVO)	Name of the ending study program	Internal code of the new DSP nr.1	Name of new program 1	Note
1401V002	Inorganic Chemistry	D102	Chemistry and Technology of Materials	
1401V002	Inorganic Chemistry	D103	Chemistry	
1405V002	Macromolecular Chemistry	D102	Chemistry and Technology of Materials	
1405V002	Macromolecular Chemistry	D103	Chemistry	
1405V002	Macromolecular Chemistry	D106	Conservation science in Care for Tangible Cultural Heritage	Only for students from dpt. 148
1402V001	Organic Chemistry	D103	Chemistry	
2801V001	Inorganic Technology	D101	Chemistry and Chemical Technologies	
2801V001	Inorganic Technology	AD101	Chemistry and Chemical Technologies	
2801V003	Organic Chemistry	D101	Chemistry and Chemical Technologies	
2801V003	Organic Chemistry	D105	Drugs and Biomaterials	
2808V003	Chemistry and Technology of Inorganic Materials	D102	Chemistry and Technology of Materials	
3911V011	Materials Engineering	D102	Chemistry and Technology of Materials	
2109V009	Metallurgy	D102	Chemistry and Technology of Materials	
2801V024	Drugs and Biomaterials	D105	Drugs and Biomaterials	
2801V024	Drugs and Biomaterials	D102	Chemistry and Technology of Materials	Only for students from dpt. 126
D104/AD104	Bioinformatika/Bioinformatics	D107/AD107	Bioinformatika/Bioinformatics
